

Blood on the swans

Kataklysm

Chaos breeds the sky, inhabits all our lives
War mongers deny but order the first strike Until the last man dies, corrupt the system blind
This is blood on the swans, hells pawn
This is blood on the swans, fallen Domination, corruption
Desperation feeds the nations
Desperation cleanses nations Until the last man dies, corrupt the system blind
This is blood on the swans, hell spawn
This is blood on the swans, fallen Where are thy leaders?
Where is thy Saviour? Blood on the swans
