Deftones

For a thousand days
You've been staring away
Are you faint?
Are you thinking?
Crack a smile and wink
It doesn't scare me away
Hit the brakes
I feel like cruising with you too
So I gaze
In your eyes
And I wonder
Can you take me up?
Your haze
That I'm under
Come and wake
Me up soon
Take a bow and wave
As we carry away
It was great
But I'm not leaving
Crack a smile and wink
It still doesn't scare me away
Hit the brakes
I feel like cruising with you too
So I gaze
In your eyes
And I wonder
Can you take me up?
Your haze
That I'm under
Come wake
Me up
For a thousand days
We could get carried away
Are you in?
Are you in?
Are you in?
I'd give anything
I'd give anything for you

So I gaze
(In your eyes)
And I wonder
Can you take me up?
Your haze
That I'm under
Come wake
So I gaze
(In your eyes)
And I wonder
Can you take me up?
