

# Man Alive!

## Billy Talent

Man alive!  
Don't stand aside!  
While people make demands  
At first they'll take your liberties  
Then tie them 'round your hand  
Man alive!  
Don't stand aside!  
While people make demands  
When time goes by some day you'll find  
Their words are your command

Well the bloodsucker society, is looking for recruits  
I took a sip of their sobriety, it doesn't taste that good

Well at first you're fine with working overtime  
10 years go by til you're caught up in the grind  
And can't escape the fact your youth is fading fast  
These times won't last and once they're gone they don't come back

Man alive!  
Don't stand aside!  
While people make demands  
At first they'll take your liberties  
Then tie them 'round your hand  
Man alive!  
Don't stand aside!  
While people make demands  
When time goes by some day you'll find  
Their words are your command

They try to fill you with anxiety, until you bite the hook  
They drop a line of notoriety, they got a big cheque book

Oh they'll turn you blind for a nickel and a dime  
Don't waste your time with their simple frame of mind  
You can't escape the fact your youth is fading fast  
These times won't last and once they're gone they don't come back

Man alive!  
Don't stand aside!

While people make demands  
At first they'll take your liberties  
Then tie them 'round your hand  
Man alive!  
Don't stand aside!  
While people make demands  
When time goes by some day you'll find  
Their words are your command

Attention all personnel!  
Stand single file, resistance is futile!  
We're gonna raise your hopes up  
Just to knock them down  
You got a bright bright future  
If you can shut your mouth  
And if you work the front lines  
To keep us safe and sound  
You won't be compensated  
Until you're in the ground  
So don't waste a single breath  
On what society expects  
If history don't lie  
They're gonna take you for a ride until you die!

Man alive!  
Don't stand aside!  
While people make demands  
At first they'll take your liberties  
Then tie them 'round your hand  
Man alive!  
Don't stand aside!  
While people make demands  
When time goes by some day you'll find  
Their words are your command
