

# Perfect Mask

## Paradise Lost

I live behind the perfect mask  
Erase the rule foreverI live behind the perfect mask  
Unleash the truth foreverI live behind the perfect mask  
Too late gonna live at lastI live behind the perfect mask  
Too late gonna live at lastI live behind the perfect mask  
Erase the truth foreverI live behind the perfect mask  
Only the true endeavourHelp me. I dare say theres no other way  
Help me. I dare say theres no other way to goWanton fallacy again  
Merciless until the end  
Recognise my heart is there  
So reveal me and disgrace me
