Not a Day

Guy

Oh, oh, ohI don't know why I need you
All the time, I needed you
Girl, it seems I need you all my lifeOh, not a day goes by, not an hour goes by, yeah
Not a moment goes by that I'm not thinkin' of you
Woah, not a day goes by, not an hour goes by, yeah
Not a moment goes by that I'm not thinkin' of youThis is more than a sexual feelin', oh, yeah
To me you're more appealin'
Not just your mind but your body and your soulOh, oh, not a day goes by, not an hour goes by
Not a moment goes by that I'm not thinkin' of you
Oh, not a day goes by, not an hour, baby, goes by
Not a moment goes by that I'm not thinkin' of youEvery time I close my eyes, you are right there
In my mind, in my mind, there's a special place for you
Teddy, Teddy, play it for me, play it 'til you feel it, Teddy
Diddy sing itOh, not a day goes by, not an hour goes by, yeah
Not a moment goes by that I'm not thinkin' of you
