

Keep You Safe

JJ Heller

Quiet your heart, it's just a dream
Go back to sleep, i'll be right here
I'll stay awake, as long as you need me
to slay a the dragons, to keep out the monsters
I'm watching over you

(Chorus)

My love is a light, driving away all of your fear
So don't be afraid remember i made a promise to keep you safe

You'll have your own battles to fight, when you are older
You'll find yourself frozen inside but always remember
If you feel alone facing the giants and you don't know what to do

(Chorus) x2

My love is a light, driving away all of your fear
So don't be afraid remember i made a promise to keep you safe

My love is a light, driving away all of your fear
So don't be afraid remember i made a promise to keep you safe
