

You and I

Ryan Calhoun

As the conversation ended,
I could still feel your smile
And I never took for granted that your heart wasn't (drowned?)
But I never thought I would be the one with my heart left undone

All the things that felt so right,
I laid it down on the line,
You and I.
Did you feel my heart beat next to yours in that scene?
You and I, just you and I.

As I'm (floating?) to the sunset,
You were still on my mind.
And the night we had together was worth all the miles
But I never thought I would be the one with my heart left undone

All the things that felt so right,
I laid it down on the line,
You and I.
Did you feel my heart beat next to yours in that scene?
You and I, just you and I.

And ain't it funny how life turns the tables
in our time and you can't rewind?

All the things that felt so right,
I laid it down on the line,
You and I.
Did you feel my heart beat next to yours in that scene?
You and I.

All the things that felt so right,
I laid it down on the line,
You and I.
Did you feel my heart beat next to yours in that scene?
You and I, yeah, just you and I, yeah just you and I
