

Strive

David Correy

Eh eh
Eh eh eh eh
Eh eh eh eh

Oh we strive
Strive to be the best
In spite of all the mess
Climbing to the time
Never giving less of what we got
And everything we feel
Never give them less than real
Cause life is too short
Gotta live it up and spread the peace
Cause love can heal the world
We can change the world
And every life mends
But we gotta come together right now

Gotta learn not to take not to judge
In the darkest of times rise above
Cause the fight that we fall
Then unite and we stand through it all
Every wound, every scar every bad will be fine
Come together and loves gonna shine
Gotta strive just to live
Gotta strive just to give to
We're all a little more love

Strive to be the best
In spite of all the mess
Eh eh eh eh

Every day, every day is a struggle we pray
To the faith in the love we gone stay
But this hate is a weapon to place all these fishes gaze
Gotta wash it away
And give to your brothers and sisters
And walk through the fire and listen
And trust every instinct you have
Let the love and poor

Gotta let it grow

Gotta learn not to take not to judge
In the darkest of times rise above
Cause the fight that we fall
Then unite and we stand through it all
Every wound, every scar every bad will be fine
Come together and loves gonna shine
Gotta strive just to live
Gotta strive just to give to
We're all a little more love

Strive to be the best
In spite of all the mess
Eh eh eh eh

(Ooooohhhh)

Gotta learn not to take not to judge
In the darkest of times rise above
Cause the fight that we fall
Then unite and we stand through it all
Every wound, every scar every bad will be fine
Come together and loves gonna shine
Gotta strive just to live
Gotta strive just to give to
We're all a little more love

Looveeeee
A little more love, eh
(Oooooohhh)

Hey!
Gotta strive just to live
Gotta strive just to give
Gotta strive just to live
Gotta strive just to give
Hey
Gotta strive just to give more love

Strive to be the best
In spite of all the mess
Eh eh eh eh
