

NWA (feat. Kurupt)

Miguel

Advisory - the following lyrics contain explicit language:

She just wanna have fun
She just want a wild nigga, right now
She just wanna fuck crazy
She just wanna fuck till she can't move no more
She don't wanna fall for me, she don't wanna fall for me
But it's too late
We should make her pay for this
We can make her pay for this Got you walking with a gangsta lean This is something for my OGs
Little mama, mammy wanna throw me way back
She get it 'til she od
Smoke just wanna ride with a
A N.W.A
Something for my OGs
Little mama, mammy wanna throw me way back
She get it 'til she od
Smoke a lil' something if you're
A N.W.A I'm a nigga with a attitude
A nigga want ass, you not that
Won't you let a nigga rub on that fat cat
She just want a real nigga that'll get that
Won't you let a dawg ass nigga hit that
After after hours, little mama with that
Her skin so silky
Body from a movie like she plaster on a silk screen
Sit back, coast it like a poster
Lookin' to the left and see your body's all mocha
Molly or cocaina, Loc I seen her
Seeing as she loves hyenas
Especially hyenas with money like Leo
And coke with a attitude
She just wanna have fun and I can give her what she want
I can make her pay for that

She just wanna have fun and I can give her what she want
I should make her pay for that This is something for my OGs

Little mama, mammy wanna throw me way back

She get it 'til she od

She just wanna ride with a

A N.W.A

Something for my OGs

Little mama, mammy wanna throw me way back We're calm but we're crazy This is something for my OGs

Little mama, mammy wanna throw me way back

She get it 'til she od

She just wanna ride with a

A N.W.A

Something for my OGs

Little mama, mammy wanna throw me way back

She get it 'til she od

Smoke a lil' something if you're

A N.W.A
