Sweet Design

Sia

Thong, th-thong, thong, thong
Thong, th-thong, thong, thong
Thong, th-thong, thong, thong"Thong Song," I'ma bring it, part 2
Don't, don't, I'mma make your blood food
My junk, hypnotise the whole room
Bump, bump, I'ma rub it up on you
My peace, juices happens on the edges
My seats come here and hit you with the wedges
True love, come on make me turn it up
My girls are ready and you heard enough
Word travels fast
When you've got an ass like mine
Sweet design
Baby got back on my cockback
Where's the men at?
Someone's gonna move a lot of heads
What's mine, sweet design"Thong Song," I'ma bring it, part 2
