

# Lonely Days, Lonely Nights

# Whitesnake

I've been burning my bridges for too many years  
Drowning the sorrow of too many tears  
Women and whiskey are my only friends  
One gives me strength and one just pretends  
I've been waiting my whole life  
For things to work out right  
But those lonely days turn into lonely nights  
Yes, they do  
I've heard all the wisdom of prophets and seers  
It don't soothe my passion and it don't ease my fears  
Burned by love, blinded by snow  
Bad luck and trouble are with me wherever I go  
I've been waiting my whole life  
For things to work out right  
But those lonely days turn into lonely nights  
Lonely days, lonely nights  
Lonely days, lonely nights  
Lonely days, lonely nights  
Someday babe, it's gonna be alright
