Texas Tornado

Texas Tornado by Dallas Moore

Well we drove 3 days to play a one hour show
2500 miles busted flat ass broke
But we made that stage with brother David Allan Coe
Twistin through Texas like a tornado
Twistin throughTexas like a tornado

I can hear ya Steve Earle on the satellite radio
Hillbilly jam playin every single song I know
Crack her up and laugh when they spin me and Billy Joel
Twistin through Texas like a tornado
Twistin through Texas like a tornado

I was makin my rounds, Houston, Dallas, San Anton
Another case of Lone Star and that ol' brisket taco
Thought I'm on fire hotter than a habanaro
Twistin through Texas like a tornado
Twistin through Texas like a tornado

Well we drove three days to play a one hour show
2500 miles busted flat ass broke
But we made that stage with brother David Allan Coe
Twistin through Texas like a tornado
Twistin throughTexas like a tornado
Twistin throughTexas like a tornado
Yeah
