

# Sore

## Wintersleep

you've been awake all morning  
trying to tell me something  
i know you are  
scared you can tell me everything i wouldnt care  
you know that i'll always be there  
right by your side no matter what  
no matter what  
consciously endure  
every ache and sore you can tell me everything i wouldnt care  
you know that i'll always be there  
right by your side no matter what  
no matter what they say you can tell me everything i wouldnt care  
you know that i'll always be there  
right by your side no matter what  
no matter what
