Lost In Your Love

At Vance

The summer breeze in your hair
Seems to be so warm and tender
Is your love really true
That it can't stand anything
Where we gotta go through
Then I'll send my love to youThrough the dark and the night
Through the day and the light
I will hold you forever
Anywhere that you go
I would share all my dreams
But it seems that you don't understandThat I am lost in your love
'Cause you
Came like a force from above
So I will open my heart
Won't you try
Try to make a new startBut times may change as they say
But my love for you is far beyond their range
Nobody's with me as I'm on my way
Watchin the waves in the sea searchin for my destinyThrough the dark and the night
Through the day and the light
I will hold you forever
Anywhere that you go
I would share all my dreams
But it seems that you don't understandThat I am lost in your love
'Cause you
Came like a force from above
So I will open my heart
Won't you try
Try to make a new start
