

Only Human

Example

Cause it's only human!
How do you live when it's nothing to live
When you strive for a world where are soldiers?
How do you live when it's nothing to give
To a man when he lives like he's show biz
So little things that you need to know
Don't disown me, cause I'm only human!
Travel fast all my' and I'm only
Cause I'm only human! Come along with me, get to know me!
Come along with me, get to know me!
Come along with me, get to know me!
Guess I'm only
Guess I'm only human! Are we ever gonna change our ways?
Or are we looking for a great escape?
You don't know, you're living life
You said you don't know as I take your time
You said you don't know, you're living life
Cause I'm only human! How do you live when it's nothing to give
Can you lie to a saint when he knows you?
How do you live when it's nothing to give
Do you act like you think you're supposed to? So little things that you need to know
Don't disown me, cause I'm only human!
Travel fast all my' and I'm only
Cause I'm only human!
Come along with me, get to know me!
Come along with me, get to know me!
Come along with me, get to know me!
Guess I'm only
Guess I'm only human! Hold me, hold me
Hold me, hold me
Cause I'm only,
Cause I'm only human!
Are we ever gonna change our ways?
Or are you looking for a great escape! Said you don't know, you live your life
You said you don't know cause I take your time!
Said you don't know, you live your life
You said you don't know cause I take your time!
Cause I'm only human
Drive a path all my life, I'm only

Cause I'm only human!
