

I Saw You Blink

Stornoway

I caught the sun on my way home
My way home

I caught the sun on my way home
My way home
When I got lost in thinking
And I missed the train
On my way home
On my way home

I missed the train on my way home
My way home
'Cause I was still day dreaming

But I need to know
Are you the one?
Are you the one?
'Cause I need to know
Are you the one I've been waiting for?

I saw you blink
And I missed your eyes your blue eyes
Mmmmm
I saw you blink and I missed your eyes
Your blue eyes
When we were talking upstairs
And what would I see
If I looked in through the window?
What I've seen if id looked deep through the colored glass in through the window

But I need to know
Are you the one?
Are you the one?
'Cause I need to know
Are you the one I've been waiting for

And I climbed up the hill when I got home
And faced up towards you
What are you thinking of then?
What are you thinking?

'Cause I need to know
Are you the one?
Are you the one?
Cos I need to know
Are you the one I've been waiting for
For so long
