Take Control (Weval Mix)

Gui Boratto

Give what you can not give
Take what you can not (crawl?)
There's harass in this place
Better to control (x2)
(Love?) what you can not brake
Brake what you can not take
Who's yourself made out?
I'll be here to find (x2)Give what you can not give
Take what you can not (crawl?)
There's harass in this place
Better to control (x2)
(Love?) what you can not brake
Brake what you can not take
Who's yourself made out?
I'll be here to find
I'll be here to find youI'll be here to find youGive what you can not give
Take what you can not (crawl?)
There's harass in this place
Better to control (x2)
(Love?) what you can not brake
Brake what you can not take
Who's yourself made out?
I'll be here to find
I'll be here to find you
