

Christmas Is For Children

[Glen Campbell](#)

Christmas - is for children
Just for children
Grown-up's say Santa's down the chimney
That's for children
Like the reindeer
And the sleigh That same tale is told
Every Christmas Eve again
We may think we're old
But our hearts can almost
believe again
Christmas - is for children
But aren't we all children
Christmas day That electric train
That no one could tempt Papa with
Will someone explain
Why it's all that Papa
will bother with
I guess Christmas
is for children
But aren't we all children
Christmas day
