

Runnin' - Interlude

Kehlani

You saw right through every last bit of me
I should've known it from your energy
We've got this synergy, your soul was close like it remembers me
Instilled in me
90 degrees in California, you put chills in me
Said it's something about my city, something about my city
Oakland girls so damn hood but we're so damn pretty
Sometimes the town just brings you down but we've been no pity
Don't need no extra bodies, I got the connect with me
It's why you connect with me, it's why you can step with me
Why you can go hit the carpets, go 'head and get dressed with me
Make me forget my ex and you onto the next with me
Love has everything to do, Bobby needs his creds Whitney
I always said I'd be the one to do it
I changed the way they lookin' at us women makin' music
Don't put back on the crown, stop makin' us look so stupid
Not worried about these niggas unless it's you that I'm choosin'
Even if I chose I feel like you're the right decision
Yeah you got aspirations, you ain't fuckin' up the vision
I love that you're not worried 'bout any other niggas
Only longing for persistence, only want something consistent
Does it make you nervous I'm not afraid to say what I want?
Does it put fear in your heart that I know where I started
Far from where I begun?
Cause I know every man has a fear of a strong-minded woman
But I say she's a keeper if she got it on her own and keeps it runnin'
If she can keep it all runnin'
If she can keep it all runnin'
Keeps it runnin'
If she can keep it all runnin'
Keeps it runnin'
If she can keep it all runnin'
