Brave Robot

Children Collide

Brave robot into space
Earth rising chase the day
Who knows what end we find
Protect me leading mindsApparently there is life on Mars
Trapped in the ice for five million yearsScientists have a plan
All for the good of man
Bring knowledge back to Earth
Brave robot is a curseApparently there is life on Mars
Trapped in the ice for five million years
So they have found life on Mars
Trapped in the ice for five million years
