

# All About You (feat. Estelle)

Raekwon

This is the wrong time  
But I wish you were all mine  
I ain't tryna wait  
Listen to fate, but what's a man to do  
Said I'm all confused  
And you ain't tryna choose  
Whether I win or lose, baby  
Yeah, it's all about you, all about you  
It's all about you (all about you)  
Said it's all about you (all about you)  
Said it's all about you, (all about you)  
Yeah, it's all about you, (all about you, all about you) (ay yo) It been about me, I'm a king from the rip  
My own millionaire style, my swag on dip  
Stay fresh in the freshest places  
Flip papers, fly round Bugattis and yachts  
Holding knots, C.R.E.A.M. Relations  
It's like hitting the lotto winning  
More money, more problems, you gotta be kidding  
I'd rather sit up in the Bronx and parlay some shit up  
I'm usually breaking down eights and slaying some sit-ups  
Boo, it's tight times, let me hustle  
'Cause everything you want, I'm near with all muscle  
'Cause when I'm in the streets, we eating, more Ruffles  
Then we can play the suites in Vegas, all duffles  
'Cause you the queen, I'm the king, be a rider  
A man with a game plan stressin ain't a rider  
So let me paint picture, stay crisp, we providers  
We real, realer than real, word to mamas This is the wrong time  
But I wish you were all mine  
I ain't tryna wait, listen to fate  
But what's a man to do  
Said I'm all confused  
And you ain't tryna choose  
Whether I win or lose, baby  
Yeah It's all about you (all about you)  
It's all about you (all about you)  
Said it's all about you, (all about you)  
Said it's all about you, (all about you)  
Yeah, it's all about you, (all about you, all about you) Kingpin chef in the town, keep it 100

Ice on his neck and his arms with more money  
Jump into the 250 Joan, gettin' blunted  
Pockets carry more than a stack, we all fronting  
Rich black African, dons getting cheddar  
Shorty know better, let's blow, bring the Beretta  
Showing off the vault, you walk, nigga, you're welcome  
Or you can stay here and be rich with me and help 'em  
I'm just crazy with it, fly slick intelligence  
He play high on the strips and flip pelicans  
My whole click is in this bitch, 10 elephants  
Who stay fresher than us' That's irrelevant  
True, yeah, nothing but a G thing  
Whoa, yo, they be coming through, peep game  
Boo, I know it's over baby, keep playing  
Oops, I'm out of energy, street king  
This is the wrong time but I wish you were all mine  
I ain't tryna wait, listen to fate  
But what's a man to do  
Said I'm all confused  
And you ain't tryna choose  
Whether I win or lose, baby  
Yeah, it's all about you, all about you  
It's all about you, (all about you)  
Said it's all about you, all about you  
Said it's all about you, all about you  
Yeah, it's all about you, all about you, all about you
