

# In Loving Memory

## InMe

I took advantage, took you for granted  
If this what you wanted, well I got what I deserved  
The worthless hurt resides inside of this broken man  
She was such a graceful creature ,she was such a worthy  
teacher  
But how can one unlearn such love when love is war, is love is war my dear  
I spit the blood from my mouth crying, I cannot express my "undying" love  
For all you've given me for all you've taken  
Man can change, can change, this man can change...A bloodless kindred that never hindered  
The chest has splintered, the bond has over-wintered  
Heart cracked in several places...Listen to the stream so violent, climbing up the hill so silent  
Destitute inside these veins were slowly closing up, this heart weakened  
Chances are you'll never get this, bled me dry it's time to forget this  
No-ones ever seen me like this, should I ever fall this deep in love again?  
Please forget the year I failed you, I won't hold you anymore  
Pitched a tent in Sunny Lynton...  
I wanted it back, I wanted it back, I wanted it back  
And now I know just where those lips have been, I won't kiss  
you anymore  
It seems these days always don't quite cut it  
But you know best, yeah you know best, yeah you know best  
I cannot let it rest in piece dear, I'll consume  
myself it was my only true fear  
I hate this fucking aftertaste and I hate it even more without you here  
This love was my pain, my hurt, my cancer, and all I wanted was to find an answer  
You love and respect someone so deeply and then you lose them for your own, your own self odium  
(For all you've given me, for all you've taken)
