

It Would Be You

Pieter T

[Intro]

It would be you (Câ€™mon)
(Whoa, whoa, yeah, whoa)
It would be you
(Eh, eh, eh, eh, yeah)

[Chorus]

It would be you that I choose
It would be you that I choose
It would be you that I choose
It would be you that I choose

[Verse #1]

I shouldnâ€™t have to say it anymore
You should just know (You should just know, just know, yeah)
I shouldnâ€™t have to tell you anymore
â€™Cause you can just feel it down in your soul
Thereâ€™s nothing I could say (No)
Nothing I can say (Yeah)
â€™Cause words just get in the way
Of what Iâ€™m feeling (Feeling, feeling)
But Iâ€™m gonâ€™ try it anyway
â€™Cause youâ€™re worth the effort, babe

[Pre-Chorus]

If one day (If one day)
They said the world was ending (Said the world was ending)
Just a few hours left to spend with someone that matters
Darling, you know what I would do

[Chorus]

It would be you that I choose
It would be you that I choose
It would be you that I choose
It would be you that I choose

[Verse #2]

I shouldnâ€™t have to write it on the wall
To prove how much I love you (How much I love you)

I wouldn't have to show at all
You just know it inside your heart
Cause there's nothing I could say (No)
Nothing left to say
Cause words just get in the way
Of what I'm feeling (Feeling, feeling)
No matter where you are around the world, I don't care
I'm coming, I'll be there

[Pre-Chorus]

If one day (If one day)
They said the world was ending (Said the world was ending, yeah)
Just a few hours left to spend with someone that matters
Darling, you know what I would do

[Chorus]

It would be you that I choose
It would be you that I choose

[Bridge]

And even as the buildings tumble down
Even as the stars fall to the ground
I'll be there with you every step of the way
You beside me on that final day
No matter what may come, face the storm
I'll face anything in your arms
And if I had to choose
You know it would be you

[Breakdown]

It would be you
It would be you
Oh, it would be you, ooh, ooh
It would be you, yeah

[Chorus]

It would be you that I choose
It would be you that I choose
It would be you that I choose

It would be you that I choose
It would be you that I choose
It would be you that I choose
It would be you that I choose
It would be you that I choose
