

Misery (Lincoln Jesser Remix)

[Gwen Stefani](#)

Where'd you go?
I got so used to being 'round you boy
I'm trying not to care, but where'd you go?
I'm doing my best to be sensible
I'm trying not to care, but You're like drugs, you're like drugs to me
I'm so into you totally
You're like drugs, you're like drugs to me
Drugs to me So put me out of my misery
Hurry up, come see me
Put me out of my misery
Hurry up, come see me
Enough, enough of this suffering
Hurry up, come see me
Put me out of my misery, put me out of my misery Out the door
I'm thinking things I never thought before
Like what your love would taste like
Give me more
Don't sell this feeling at the grocery store
All cause your love, it tastes like You're like drugs, you're like drugs to me
I'm so into you totally
You're like drugs, you're like drugs to me
Drugs to me So put me out of my misery
Oh, hurry up, come see me
Put me out of my misery
Hurry up, come see me
Enough, enough of this suffering
Hurry up, come see me
Put me out of my misery, put me out of my misery Put me out
Out of my misery
Put me out
Out of my misery
You're in so much trouble
(You better watch out)
Yeah, you're in so much trouble
(You better watch out)
You're in so much trouble
(You better watch out)
Yeah, you're in so much trouble
Oh So put me out of my misery

Hurry up, come see me
Put me out of my misery (put me out)
Hurry up, come see me
Enough, enough of this suffering (enough, enough of this suffering)
Hurry up, come see me
Put me out of my misery (put me out of my misery), put me out of my misery
Put me out of my misery
Hurry up, come see me
Put me out of my misery (put me out of my misery)
Hurry up, come see me
Enough, enough of this suffering (enough, enough of this suffering)
Hurry up, come see me
Put me out of my misery, put me out of my miseryPut me out
(You're in so much trouble)
Out of my misery
Put me out
(You're in so much trouble)
Put me out of my misery
Put me out
(You're in so much trouble)
Out of my misery
Put me out
(You're in so much trouble)
Put me out of my misery
