

Stay Young

[Don Williams](#)

Oh, don't you lose that light in your eyes?
You're never too old to love, never too late to try
When somebody needs you give 'em all you can give
Oh, when you're living to love and a loving to live Stay young keep your wheels in motion
You've got everything that you need
Stay young with your rock n rolling
All the best things in life are free Oh, don't you feel like playing the fool?
But just step outta line and break all the rules
Don't you let them tell you, its not for you?
Oh, don't go growing old, before you're due? Stay young keep your wheels in motion
You've got everything that you need
Stay young with your rock n rolling
All the best things in life are free
