Hallowed Be Thy Name

Indecision

I question the sin
systemized beliefs organized
identity in honor in fear
at the mercy so we worship
the lies are not the host
Stockholm syndrome, passed down, let down
promise me salvation, promise me deliverance
Who should I fall for
Who should I fall to
Who should I die for
Who will collapse me
FOR THOSE I LOVE I WILL SACRIFICE
NOT FOR THOSE I'VE NEVER SEEN
Hallowed be thy name
