

# All Rise Up

## Trip Lee

If we all rise up (oh yeah, oh yeah)  
If we all rise up (oh yeah, oh yeah)  
(Oh yeah, oh yeah) (oh yeah, oh yeah)  
If we all rise up (oh yeah, oh yeah) I know I don't deserve to touch the mic bro  
But this craft is something that I would fight for  
I'm in the lab with this pen and a pad  
Knowing I might finish last  
That ain't really why I write though Let's go back in time to '04  
I'm in 1-1-6 quickly I was on board  
Fast forward four years we on tour  
And we ain't notice what He had in store  
But now here we are  
Ten years later  
Flows got greater  
Minds got closer  
Plus there's more haters  
Sayin' we just do it for dough  
But they won't break us  
Cuz the Lord we serve with the flow  
He is so gracious  
And if they ask me why I do it  
I tell 'em it's the music of a movement  
Yeah I'm speaking for my Unashamed crew  
That ain't never touched the stage but they walkin' they just doin' this  
Rise up If we all rise up  
That'd be my dream That we should all rise up  
And give a standing o' for the King  
Cuz He's good  
(Oh yeah, oh yeah)  
(Oh yeah, oh yeah) That we should all rise up  
And give a standing o' for the King  
Cuz He's good  
(Oh yeah, oh yeah)  
(Oh yeah, oh yeah)  
That we should all rise up  
And give a standing o' for the King  
Cuz He's good  
(Oh yeah, oh yeah)  
(Oh yeah, oh yeah)

We should all rise up  
And give a standing o' for the King  
Cuz He's good We been from bootleg tours  
To high quality shows  
From 'Crae making beats  
To high quality pros Ridin' in our cars  
To sittin' on planes  
To tour bus rides  
But the mission ain't changed More fans in the stands  
Homie we made it  
God ain't more pleased  
Cuz radio stations played it You know I'm prayin'  
We stay seekin' his face  
So we not disqualified from the race  
Race, and my brothers promise me this  
If notoriety get the best of me make me quit  
Quit And I promise that I'mma stay  
By you and edify you no matter how it gets And to the fans  
Please promise me too  
You listen to the words  
But leave 'em and go and do  
We do it for the Lord  
But still we do it for you  
They ain't never seen the gospel at work  
Show 'em it's true  
And rise If we all rise up  
That'd be my dream We should all rise up  
And give a standing o' for the King  
Cuz He's good  
(Oh yeah, oh yeah)  
(Oh yeah, oh yeah)  
We should all rise up  
And give a standing o' for the King  
Cuz He's good  
(Oh yeah, oh yeah)  
(Oh yeah, oh yeah)  
We should all rise up  
And give a standing o' for the King  
Cuz He's good  
(Oh yeah, oh yeah)  
(Oh yeah, oh yeah)  
We should all rise up  
And give a standing o' for the King  
Cuz He's good I ain't retired but I thought about it  
I feel called to be a pastor I'm all about it

See His glory in His word and I gotta shout it  
So I'm just trying to figure out how I can shout the loudest  
Plus, I saw its hard to be pastor  
When after the service you gotta get out and rap for the masses  
I'm feelin' torn in my heart  
I had to pray  
My health is making it harder to find a way  
But if I ever do leave the game  
Gotta leave 'em with something with meaning  
I proclaim  
It don't matter if my name get deleted what remains  
Is the mission that he missin' which is liftin' up His name  
I read John's vision and it's plain  
Christ reigns so I'm stickin' in my lane  
Rap don't need me  
Reach don't need me  
Christ don't need me  
I'm limpin' 'cause I'm lame But I'm carried by the one and only healer  
'Bout the transition homie, faith is getting realer  
I'm just waiting for my Savior to reveal a  
Clearer vision of the only peace, be stiller  
I'm filled up in Him  
I'm still tucked in Him  
Once was lust driven  
Now I must trust the Risen  
Hey, pray for your brother cuz I know that luck isn't  
The way I'mma succed, nothings up to luck is it?  
Of course not  
Look I ain't done tryna' make a change  
I'm just switchin' up the method let me make it plain  
Tryna' find my position I ain't forsake the game  
And the win is the glory of the greatest Name  
Rise
