

# When Do I

## Bee Gees

Tell me if dreams do come true  
If so then I know that I'm losing you  
And you know the address where we lived  
But I swear there'll be no turning back to you I won't forgive  
When do I and when do I know if there's an  
answer why  
I wonder if I know where I fit in  
How do I and how do I stop myself from gonna cry  
I wonder if I know where I fit in  
Tell me if dreams do come true  
If so then I know that I'm losing yo  
And you know the address where we live  
But I swear there'll be no turning back to you I won't forgive  
When do I and when do I know if there's an  
answer why  
I wonder if I know where I fit in  
And how do I and how do I stop myself from gonna cry  
I wonder if I know where I fit in
