

# Oh Yeah

## Can

[Backwards vocals for 1st verse]

As your silver hair save that,  
For you got to better not there.  
I see your own cheeks, saves that,  
It's a time you're my lasting sign.  
They have got to sue the passing  
As you do too everyday.  
Still you point at them and then  
Sometimes I'm the slave.
