Revolution

Judas Priest

If you think it's over
Better think again
There'll be no compromiseTime to hit the power
Feel adrenaline
Move into overdriveHere comes the revolution
Time for retributionIf you think I'd back down
Or accept defeat
Brace for the aftershockTake it to the limit
Take it to the streets
Give it everything you've gotHere comes the revolution
Time for retributionTime to come together
Revolution
Living on forever
Revolution
Get ready for the revolutionHere comes the revolution
Time for retribution
Here comes the revolution
Time for retribution
