

Revolution

Judas Priest

If you think it's over
Better think again
There'll be no compromise Time to hit the power
Feel adrenaline
Move into overdrive Here comes the revolution
Time for retribution If you think I'd back down
Or accept defeat
Brace for the aftershock Take it to the limit
Take it to the streets
Give it everything you've got Here comes the revolution
Time for retribution Time to come together
Revolution
Living on forever
Revolution
Get ready for the revolution Here comes the revolution
Time for retribution
Here comes the revolution
Time for retribution
...
