Deciphering Me

Brooke Fraser

Friend, it?s getting late
We should be going
We?ve been sat here beneath
These flickering neons for hours
While I am cracking their code
You are deciphering me
For I am a mystery
I am a locked room in a tall tower
Oh, can you feel the gravity falling?
Calling us home
Oh, did you see the stars colliding?
Shining just to show, we belong, we belong
Your telescope eyes see everything clearly
My vision is blurred
But I know what I heard
Echoing all around
While I am tuning you in
You are deciphering me
Not such a mystery
Not such a faint and far away sound
Oh, can you feel the gravity falling?
Calling us home
Oh, did you see the stars colliding?
Shining just to show, we belong, we belong
It?s love, it?s love that holds us
We will be alright
It?s truth, it?s truth that shows us
If we?ll walk in its light
It?s love, it?s love that holds us
We will be alright
It?s truth, it?s truth that shows us
If we?ll walk in its light
Oh, can you feel the gravity falling?
Calling us home
Oh, did you see the stars colliding?
Shining just to show, we belong
Oh, can you feel the gravity falling?
Calling us home
Oh, did you see the stars colliding?

Shining just to show, we belong
Oh, can you feel the gravity falling?
Calling us home, we belong
Oh, did you see the stars colliding?
Shining just to show, we belong
