

The Full Bug

Van Halen

Mmm, da yeah, mmm, Darlin', tell ya now
Do you corner my dog, it don't let you pass
Got a bad little' woman, gon' bite yo' ass
Yeah, he won't let you passAhh, take!
Woo!

Wow!Aah, precious sweetheart
Woman, all you want is good as it can get, ah yeah
Blind inspiration, girl, you're sensational
And this gets better yet, ah yeahWell, all your dreams an' visions are based on magazines
No this ain't television, but it's more than it seems
Takers need a giver, this much you understand
All I wanna give you, babe, is the best part of a man, yeahLet me show you, baby, make the best
Of what you have in hand, oh yeah
Just remember when you follow through
Then the over isn't planned, ah yeahLooks just like an angel, but he just talkin' trash
You make conversation, but she's listening to your cash
Takers need a giver, this much we understand
All I want to give you, woman, is the best part of a man, yeahOoh!
Uhh!

Ooh! Ooh!Love that woman, heart and soul
In the groove, on the go, you know, ah yeah
At the corner my dog won't let you pass
Got a bad lil' woman, gon' bite yo' ass, mmm, for sure, aahLooks just like an angel, but he just talkin' trash
You make conversation, but she's listening to your cash
Takers need a giver, this much we understand
All I want to give you, woman, is the best part of a man, yeahBest part of a man, woo!
Best part of a man, aah!
Best part of a man
Best part of a man
