

Second to None

Avengers

Getting dirty on my hands and knees
I live like an animal and now I got fleas
When I do what I do it's a sin
But I like my parties soaked in ginWhat's the use of saying what you mean?
Just watch yourself and keep your body clean
Mom says I got a dirty face
Dad says I'm looking out of place
Dog says I got shit on my shoes
What am I supposed to do?Well, that's one, I'm second to none
And that's two, I don't know what to do
And that's three, you're telling meI'm still a baby, you say act like I live in a zoo
I know I don't wanna live like you
When I go out, you won't let me back in
Climb in the window, I just can't winWhat's the use in saying what you mean?
Just wash yourself and keep your body clean
Mom says I gotta dirty face
Dad says I'm looking out of place
Dog says I got shit on my shoes
What am I supposed to do?Well, that's one, I'm second to none
And that's two, I don't know what to do
And that's three, you're telling me
