When I'm Gone

Before You Exit

Put your headphones in let the day pass by
Giving all your love in black and white
And the road ahead gets hard to see
When we're losing up on catching sleepAnother big city on another long flight
Wake up and I miss you in the middle of the night
Maybe you want me or maybe you don'tWhatcha gonna do when I'm gone?
I've been holding on for so long
And I'll say goodbye and try to move on
So whatcha gonna do when I'm gone?
GonePut your headphones in let the day pass by
Let it all play out just once or twice
And I know we've got our history
But the future's all that I can seeAnother big city on another long flight
Wake up and I miss you in the middle of the night
Maybe you want me or maybe you don'tWhatcha gonna do when I'm gone?
I've been holding for so long
And I'll say good bye and try to move on
So whatcha gonna do when I'm gone?
GoneAnd we say hello just to say goodbye
And we lose ourselves just to feel alright
And we hold our love so we won't run dryWhatcha gonna do when I'm gone?
I've been holding for so long
And I'll say good bye and try to move on
So whatcha gonna do when I'm gone?
GoneWhatcha gonna do when I'm gone?
Whatcha gonna do when I'm gone?
And I'll say good bye and try to move on
So whatcha gonna do when I'm gone?
Gone
