

When a Woman's Not Watching

James Otto

First thing he does when he boards the plane
Is slip off that wedding ring and orders a stiff drink
Theres a blond in the window seat
Shes lookin good and smiling sweet
So he gives her a wink you know the rest 'Cause when a womans not watching
A man knows he can get away with murder
Thinkin what she dont know wont hurt her
But he wouldnt deserve her If temptation comes and he just cant resist
If every time she turns her back he steals a kiss
Youll see the man is
When a womans not watching Three rows backs another married man
Who wears a promise on his left hand for the world to see
Theres a girl comin on real strong
But that mans gonna make it home faithfully
Like any good man would 'Cause when a womans not watching
A man knows he can get away with murder
Thinkin what she dont know wont hurt her
But he wouldnt deserve her If temptation comes and he just cant resist
If every time she turns her back he steals a kiss
Youll see the man is
When a womans not watching If temptation comes and he just cant resist
If every time she turns her back he steals a kiss
Youll see the man is
When a womans not watching
