

# Most Of All

**Jody Watley**

When we met you made a promise to never deceive me but where are you now you built me up and left me  
standing all alone lost in a crowd my friends all say to forget you i should but why do i hurt so no one leaves  
when the love is lost you turned your back on me when i needed you most of all most all Maybe i should try to  
live life without find some new
