Inside

Toad the Wet Sprocket

Free my heart to feel again
Free my mind to understand
To run undeterredPull the blinders from my eyes
Let me see the endless skies
Drown me where I stand
In the beauty of the landAnd all my life
It lay inside
For all my lifeTear this anger from my soul
Wash me clean and leave me whole
Leave me higherWork my hands to make them strong
Lift my arms to carry on
Anywhere I go, to never be aloneAnd all my life
It lay inside
For all my lifeWe were always leaving
Since we start breathing
And running back no wonder
We are torn asunderTo give me life
To give me life
