We Shall Dance

Demis Roussos

We shall dance, we shall dance
The day we get a chance
To pay off all the violins of the ball
We shall dance, we shall danceThe day we get a chance
To get a dime to buy back our souls
We shall dance, we shall sing My dear love, O my spring
My love good days will comeYou'll see the corn will grow in spring
My spring time
My spring timeWe shall dance, we shall dance
The day we get a chance
To pay off all the violins of the ball
We shall dance, we shall stayWith the children at play
Lord I swear when the time comes, we'll pray
We shall dance, we shall sing
my dear love, O my springMy love you'll have a house
With roof and walls
Fire with coal
My soul, my soulWe shall dance, we shall dance
The day we get a chance
To pay off all the violins of the ball
We shall dance, we shall stayWith the children at play
Lord I swear when the time comes, we'll pray
