

Put Your Dreams Away

Mickey Gilley

Every now and then
Someone comes to you
And somehow you know
A dream has just come true. Chorus:
 Well, here is baby
 And what I'm trying to say
 Here I am, darling
You can put your dreams away. Ever wish for love
 And you wish so long
 You begin to think
 It would never come along.
Chorus:
 Well, here is baby
 And what I'm trying to say
 Here I am, darling
So put your dreams away. Put your dreams away
 Just lay beside me
 Take all this love
 That's here inside me.
 Here's all the dream
You'll ever need. Put your dreams away
 Rest them on my shoulder
 Darling, the search is over
 If you wanna love
 That's here to stay
You can put your dreams away.
 You can look for love
 In a thousand eyes
 You can search the world
But don't you realize? Chorus:
 Well, here is baby
 And what I'm trying to say
 Well, here I am. darling
You can put your dreams away. Put your dreams away
 Just lay beside me
 Take all this love
 That's here inside me.
 Here's all the dream
You'll ever need. Put your dreams away

Rest them on my shoulder
Darling, the search is over

If you wanna love
That's here to stay

You can put your dreams away...
