I Need That

Nipsey Hussle

my top of my .. your bitch is in my ear saying she need that
i am bowling she see that she jealous she .. first believe that
my top of my ?.. your bitch is in my ear saying she need that
i am bowling she see that she jealous she .. first believe that
listen no kush just a gang of ?my laptop and my notebook
call it my triangle ?all i need to keep ?i am bagging and i am boosting
is a fact i am the ..if you don?t believe i got some things i wanna show you
.. check out my sleeve .. presidential ? early in the morning
shut up .. i am bowling you said .. still pull up with my jewelry
o stop it we live it as we talk it .. always rap so i get paid and go shopping
.. call me young .. aka i am focused
my top of my .. your bitch is in my ear saying she need that
i am bowling she see that she jealous she .. first believe that
my top of my ?.. your bitch is in my ear saying she need that
i am bowling she see that she jealous she .. first believe that

i never met a girl that won?t let me fuck
she said she is gonna do it if she met me once
i feel like that nigger .. bitches ?
i like to kiss my nudge just to get me up
we back for niggers that hey ask for
we ain?t got no tax bro
niggers be making that stacks
west side we get it
two doors ?
got my 20s got my 50s got my 100s
bitch i am coming .. the shit don?t stop
my and niggers really want it
and the funny shit i am saying
is that it only just began
nigger be up earls before the sun
is money in the morning niggers try to cough it
you all pardon me i am just ?
go hundreds
