

# Victory (Outro)

Tye Tribbett & G.A.

Let's go come on  
Everybody get your hands up  
We got the v-I-c-t-o-r-y ladies I thought I lost  
But actually I won  
For by his blood we all have overcome  
There is no failure  
Our god can never lose  
And that same power it now belongs to you Now it's time to celebrate, all banners raised  
I got the victory, the victory  
Because the devil is defeated and god be praised  
I got the victory, the victory  
Every situation I face I win  
I got the victory, the victory  
And everything works for my good in the end  
I got the victory, the victory Ladies say I-I was on my way to a burning hell  
The devil he had my life set up to fail  
But thanks be to my god who causes me  
Triumph, overcome, to tread upon the enemy Now it's time to celebrate, all banners raised  
I got the victory, the victory  
Because the devil is defeated and god be praised  
I got the victory, the victory  
Every situation I face I win  
I got the victory, the victory  
And everything works for my good in the end  
I got the victory, the victory Somebody who's listening  
Right now you think you're losing  
You feel like you can't win  
Cause you've tried everything  
Greater is he that is within you, don't doubt  
Whatever you're in now, god said, you have to come out Come out of depression, come out of low self-esteem,  
Come out of poverty, come out of lesbianism,  
Come out of homosexuality Let's go, let's go, come on, come on Now it's time to celebrate, all banners raised  
I got the victory, the victory  
Because the devil is defeated and god be praised  
I got the victory, the victory  
Every situation I face I win  
I got the victory, the victory  
And everything works for my good in the end  
I got the victory, the victory I've got the victory, the victory

I've got the victory, the victory  
I've got the victory, the victory  
I've got the victory, the victory  
I've got the victory, the victory  
I've got the victory, the victory I've got the I got the  
I've got the victory the victory  
Everybody just dance with us  
Dance I've got the victory, the victory  
I've got the victory, the victory  
I've got the victory, the victory  
I've got the victory, the victory  
I've got the victory, the victory  
I've got the victory, the victory  
Everybody sing along with us like this  
Uh-oh ooh  
Uh-oh ooh  
Uh-oh ooh
