

# Covered In Chrome

## Violent Soho

Will I drive out  
In the night  
Never come back  
In a mighty fright  
Stay out longer while I can  
Picking fossils in the sand

I admire all the games  
Another asshole lights the flame  
Rusted clotheslines in the sun  
Noise control, I'm sunken

I will smile  
The greatest written smile  
No one to complain  
Written in chrome and gore  
It's all the same

YEAH YEAH YEAH x5

All I ever wanted was a piece to myself  
All I ever wanted was a nine to five  
People hide what they feel inside  
So they'll cover it up till it's grey and dry

A pussy is a piece of skin wrapped in a pocket  
All the king's men fell down on their knees  
Raise their arms to the leader outside  
Praising the devil they said  
Hell fuck yeah

YEAH YEAH YEAH x5

I can't fight it  
I can't hide  
Will you take me over  
Little devils run around outside  
Will you take me under  
I can't breath if I cannot see

I can't see if I can't breathe

All I ever wanted was an afternoon  
A middle class and an open sky  
They rushed in the square with a paper alight  
Pushed down a statue and spat on it's side

A feeling is a piece of skin wrapped in a pocket  
All the king's men fell down on their knees  
Raise their arms to a leader outside  
Praising the devil they said  
Hell fuck yeah

YEAH YEAH YEAH x5

I can't fight it  
I can't hide  
Will you take me over  
Little devil run around outside  
Will you take me under  
I can't breath if I cannot see  
I can't see if I can't breathe

Yeah, yeah, yeah,fuck yeah

Take me down x3
