

# Inside Our Scars

## The Veer Union

Been times, don't want to hold on  
You blink an eye and then they're gone

Can we revive our other life  
Or is it done

Another day to fall away from  
The memories when we were one

I'm not sure there is a cure,  
Can this be undone?

Where did we go wrong?

One more time around, cause  
There's a war in between our words again  
Cause you only believe me now and then

But I need you to know

You've always been

The reason that I breathe oxygen

Why can't you believe me?

So close but yet so far

We have lost who we are

So close but yet so far

We are lost inside our scars

We've been around, this come again, I

Guess that's the price we pay

Still I've been, I'm wondering

Can this be undone?

Where did we go wrong?

One more time around, cause  
There's a war in between our words again  
Cause you only believe me now and then

But I need you to know

You've always been

The reason that I breathe oxygen

Why can't you believe me?

So close but yet so far

We have lost who we are

So close but yet so far

We are lost inside our scars

One more time around, cause  
There's a war in between our words again

Cause you only believe me now and then  
But I need you to know  
You've always been  
The reason that I breathe oxygen  
Why can't you believe me?  
So close but yet so far  
We have lost who we are  
So close but yet so far  
We are lost inside our scars  
Inside our scars  
Inside our scars  
Inside our scars?  
You blink an eye, and then they're gone?
