

The Rhythm Ranch

Huey Lewis & The News

Oh, we know a place with a real big beat
A destination soul retreat
A musical cure for your day-to-day stress
It's a dream vacation way out West
Yeah, it's a soulful scene
If you know what I mean
Come on down, take a chance
Get you a room at the rhythm ranch
Ride your pony, let's dance
Uh huh, baby, that's the rhythm ranch, yeah
They got killer music everywhere
To help you deal with the pain out there
I think, you'll see that it's money well spent
More than a hundred grooves for rent
And they got all the blues
And views you can use
Come on down, take a chance
Get you a room at the rhythm ranch
Ride your pony, let's dance
Uh huh, baby, that's the rhythm ranch
Chicken dumplings and big bands
Tuning it up at the rhythm ranch
Saxophones and romance
Uh huh, baby, that's the rhythm ranch, yeah
Come on down
Oh, the funkiest place you'll ever seen
And you won't find it in a magazine
They got four-star service in four-four time
Sweet soul music to ease your mind
Yeah, it's a real good deal
With tons of feel
So come on down, take a chance
Get you a room at the rhythm ranch
Ride your pony, let's dance
Uh huh, baby, that's the rhythm ranch
Chicken dumplings and big bands
Tuning it up at the rhythm ranch
[Incomprehensible] romance
Uh huh, baby, that's the rhythm ranch

Yeah, that's the rhythm ranch
That's the rhythm ranch
That's the rhythm ranch
Uh huh, baby, that's the rhythm ranch
Come on down, come on down, my, my, my, yeah
Come on down, my, my, my
