

Moving On Up (on The Right Side)

Beverley Knight

I'm moving on up the right side
where money's no friend of mine
I realise your importance
I'm gonna leave what's left behind
Ooh I'm going uptown downtown roundtown baby
shaking my head for you
now I'm understanding
Love is the only way to lead a better lifestyle
nothing else for free can change your whole way of living
the only security to lead a better lifestyle
the best things in life are free

thank you for showing me
You're giving me all new direction
I'm leaving the rat race behind
I'm giving it all up 'cause I've found
a loving state of mind
Ooh I'm going uptown downdont roundtown baby
shanking my head for you
Now I'm understanding
