## Ben Kweller

(ben kweller) Verse 1:  
You and me forever  
County fair lines fill,  
I'm waitin for the ferris wheel,  
Seth has gone to the top,  
And he's gonna cop a feel,  
80's metal on the PA,  
Pour some sugar on me. Chorus:  
Caaaaaaally,  
You are pretty clever,  
Say you'll stay with me,  
You and me forever. Verse 2:  
Pop the balloon with my red dart,  
A new moon Candy can love,  
And they were out of the strange park,  
So I got a brave monster truck,  
Flung the case down with beer,  
We'll be back next year,  
Let's get married. Outro:  
Caaaaaaally,  
Lead me to the land of never,  
Say you'll stay with me,  
You and me forever. Caaaaaaally,  
Caaaaaaaaaaaaaaaaaaaaaalllly,  
You and me,  
You and me,  
You and me,  
Forever.
