

As Long As You Love Me

The Maytones

As long as you love me - The Maytones: Lyrics

As Long as You Love me, as long as you care

They'll always be sunshine,
Shining everywhere

You were there to help me find

My way, when I was down

Now I'm used to having you
And your sweet smile around

For the first time, I'm not alone

I can see, and feel, our love has grown

As Long as You Love me, as long as you care

They'll always be sunshine
Shining everywhere

Good times or bad times,
We'll make it through

Oh yes we will, as Long as You Love me, yeah

The way I love you

And could I thank you now,
for all that you have done

I'll take you by the hand
And walk, into the sun

If I should ever, fall apart
Just hold me close

And take me gently, to your heart

As Long as You Love me,
As long as you care

There'll always be sunshine,
Shining everywhere

For Good times or bad times....
