Statue

Lil Eddie

ohh yea x3When the day is said and done
and in the middle of the night and you're fast asleep, my love.
Stay awake looking at your beauty
Telling myself I'm the luckiest man alive.
Cause so many times I was certain you was gonna walk out of my life (life)
Why you take such a hold of me girl
When I'm still trying to get my act right.What is the reason, when you really could have any man you want
I don't see what I have to offer
I should've been a season, guess you could see I had potential
Do you know you're my miracle? (oh yeah)I'm like a statue, stuck staring right at you
Got me frozen in my tracks
So amazed how you take me back
Each and every time our love collapsed
Statue, stuck staring right at you
So when I'm lost for words
Every time I disappoint you
It's just cause I can't believe that you're so beautiful (Stuck like a statue)
Don't wanna lose you, no (Stuck like a statue)Ask myself why are you even with me
After all the sh*t I put you through
Why did you make your heart song with me
It's like you're living in an igloo
But baby your love is so warm it makes my shield melt down (down)
And every time we both at war
You make me come around (woah)What is the reason, when you really could have any man you want,
I don't see what I have to offer
I should've been a season, guess you could see I had potential
Do you know you're my miracle? (ohhhhh)I'm like a statue, stuck staring right at you
Got me frozen in my tracks
So amazed how you take me back
Each and every time our love collapsed
Statue, stuck staring right at you (yeah yeah)
So when I'm lost for words
Every time I disappoint you
It's just cause I can't believe that you're so beautiful. (Stuck like a statue)
Don't wanna lose you, no (Stuck like a statue)
And you're so beautiful (Stuck like a statue)
Don't wanna lose you, never (Stuck like a statue)ohhhh woahh noEvery single day of my life I thank my lucky stars
God really had to spend extra time, when he sculpted your heart

Cause there's no explanation, can't solve the equation
It's like you love me more than I love myselfI'm like a statue, stuck staring right at you girl
Got me frozen in my tracks
So amazed how you take me back
Each and every time our love collapsed
Statue, stuck staring right at you
So when I'm lost for words (statue woah)
Every time I disappoint you
(baby you're my statue)It's just cause I can't believe that you're so beautiful (Girl You are the reason)
Stuck like a statue (The reason for living)
Don't wanna lose you, no. (The reason for breathing)
Stuck like a statue (You're so beautiful)
And you're so beautiful. (And I want you to feel it)
Stuck like a statue (Cause so bad I mean it)
Don't wanna lose you, no. (You're the reason for breathing)
Stuck like a statue (You're so beautiful yeah yeah yeah)When the day is said and done
And in the middle of the night you're fast asleep, my love...I'm the luckiest man alive.
