

Unspoiled (Demo)

Coal Chamber

Always cold inside this glass
Trust it's hard I know this trust will never last
It's never been much of my concern
I've grown in size again still fine? Sleep it all away just another day
Always me in the corner this way
It's never been much of your concern
You've grown inside again still fine? Do I look fine to you?
Do I seem alright to you?
Do I look fine?
Do I seem alright to you? Stay unspoiled
